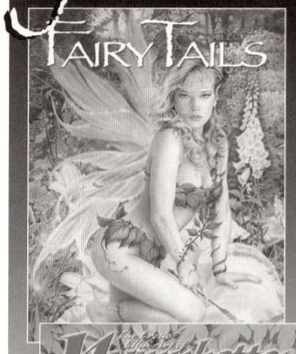
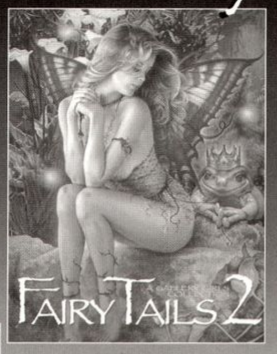
fairies, elves and nymphs ~ oh my!





Tiny wee folk who skitter above the treetops and stay just outside the ability of humans to see - these magical, mischievous, and quite sexy little creatures are the subject of many SQP titles. Elvin erotica and hot nymph-on-nymph action is just the starting point for such books like Fairy Tails, FaerieLust, Dragons, Myths & Mayhem, Nymphettes, and of course - Fairy Song. These, and many other fully illustrated collections are available at www.sqpinc.com.
